Overhead Crane Operator – Evening/Night Shift

Full-time | Year-Round | Blackfalds, AB

Position Summary

Keep production moving.

As an Overhead Crane Operator, you'll play a key role in the safe movement of materials and precast products throughout our manufacturing facility. This position requires strong situational awareness, attention to safety, and the ability to work efficiently in a fast-paced environment.

We're looking for someone who is dependable, safety-focused, and committed to supporting the success of the team. If you enjoy hands-on work and take ownership of your responsibilities, we'd like to hear from you.

What You'll Do

- Operate overhead cranes to hoist, move, and place materials and precast products
- Perform pre-use inspections and identify maintenance or safety concerns
- Calculate load weights and ensure safe rigging and lifting practices
- Use crane and hand signals and communicate effectively with team members
- Assess work areas and determine safe routes for transporting loads
- Safely operate equipment to load, unload, and move materials as required
- Assist with general shop and loading bay duties
- Maintain a clean, organized, and safe work environment
- Work effectively within a crew environment while following all safety procedures

What We Are Looking For

- **Safety-focused** – understands the importance of proper lifting, rigging, and hazard awareness
- **Alert** – maintains awareness of surroundings and identifies potential risks before they become issues
- **Adaptable** – willing to assist with a variety of tasks as operational needs change
- **Self-motivated** – works efficiently with minimal supervision and takes ownership of responsibilities

Requirements

- Successful interview candidates will be required to complete a pre-employment assessment
- Valid Class 5 license and reliable transportation
- Available to work evening/night shifts Monday to Friday, with occasional Saturdays

- Previous experience operating overhead cranes and knowledge of rigging
- Physically able to perform demanding work for extended periods
- Able to lift 50 lbs. and work on your feet all day
- Comfortable working at heights with proper safety equipment
- Able to work in a fast-paced, production environment
- Strong English communication skills (verbal and written)

Assets

- Overhead crane training or certification
- Experience in precast concrete, manufacturing, or construction environments
- Basic understanding of construction practices and materials

What Eagle Builders Offers

- Competitive wages based on experience, with regular evaluations
- 6% vacation pay, health coverage, and wellness support
- Sundays off and a culture that values time with family
- Clothing program, meal program, fuel discounts, and employee events
- Clear training roadmaps and opportunities for growth

Join a crew that keeps precast moving from production to delivery. Your attention to safety and precision will make a direct impact on every shift.
